

Sold

27 Hulbert St, South Fremantle

SOLD By Rebekah Vos-Jamieson FremantleCo

Hulbert Street is one of the most sought after streets in South Fremantle, a quiet cul de sac only 300 m from South Beach, and this gorgeous heritage cottage with solar passive designed double-storey extension hits the nail on the head if you're looking for a truly Freo home.

The original four room cottage, built circa 1900, has been opened up so the four rooms lend themselves to being utilised as open plan living, dining and kitchen but can still be partially closed off for separate use if required. The beautiful timber-lined walls and ceilings, as well as the wide jarrah floorboards, reveal the age of this classic home. The original Metters stove still sits in the kitchen and a beautiful cast iron combustion stove can warm the front lounge on a cold winters evening.

The front bedroom has been opened up to be part of the open plan living area but could be closed back off if an extra bedroom was required. The dining room could equally be separated back off from the spacious kitchen
